Subject: Reclamation Completed, Jimmy Hodges, Wah Wah Mine S/021/0031, Iron County, Utah

Dear Mr. Hodges:

On June 11, 2013, the Division of Oil, Gas and Mining was informed by Ed Ginouves of the BLM that you had completed the required reclamation at the Wah Wah Mine. This action will close the Division's directive sent to you February 22, 2012.

At this time, the Division would consider a request to close the file and release the reclamation surety for this project. To do so, please fill out the attached form (MR-SITE), marking the appropriate boxes, sign, and return to the Division. With the BLM's concurrence, the Division will then proceed to close the file for the Wah Wah mine (S/021/0031) and release the surety being held for this site.

Thank you for taking care of this important matter. Please call Lynn Kunzler at 801-538-5310 or me at 801-538-5261 if you have questions about this letter or the bond release process. We look forward to receiving the completed form MR-SITE.

Sincerely,

Paul Baker  
Minerals Program Manager
